DIMM

INSTALLATION GUIDE

Preparation

For safe operation, see "Safety Information", *Maintenance Guide 1*.

⚠ ***CAUTION:***

- *Do not touch the inside of the controller board compartment. It may cause a machine malfunction or a burn.*

Important

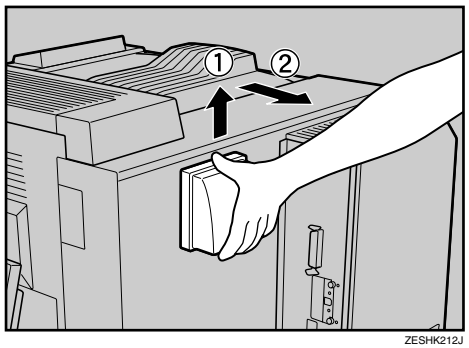
❒ Before touching the DIMM, touch something metal to discharge any static electricity. Static electricity can damage the DIMM.

Installing the DIMM

1 **Turn off the power.**

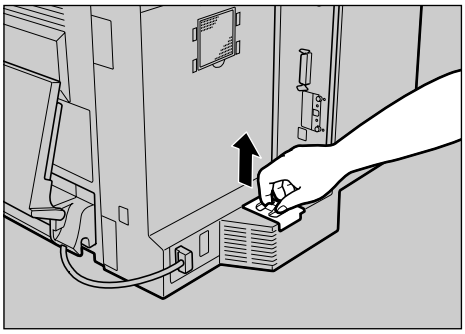
2 **Unplug the power cord, and then disconnect the interface cable.**

3 **Remove the dustproof filter cover on the back of the printer. First, lift the cover by holding the bottom of it (①), and then remove it (②).**



ZESHK212J

4 **Remove the other dustproof filter cartridge by lifting it up.**

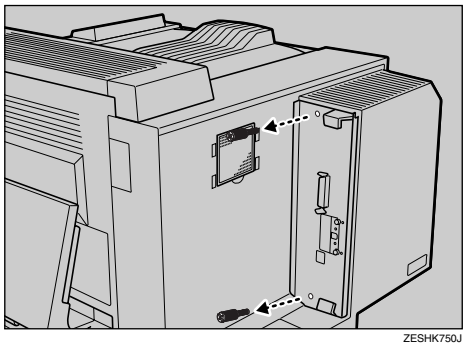


ZESHK760J

Important

❒ Do not shake the removed cartridge. It may cause dust to fall off.

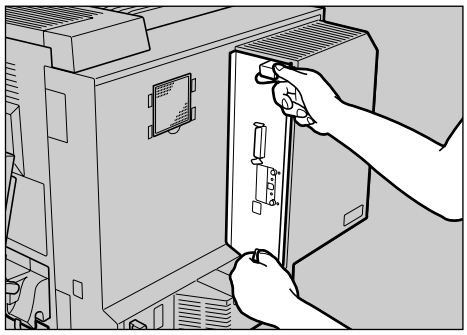
5 **Remove the two screws that are fastening the controller board on the back of the printer.**



ZESHK750J

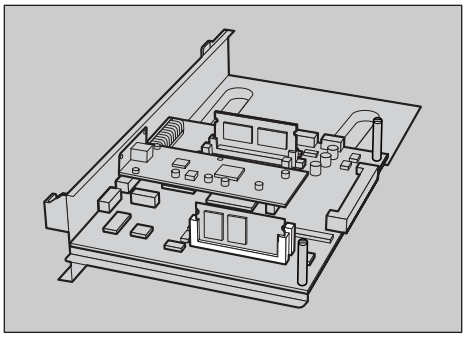
The removed screws will be used in step **10** to fasten the controller board.

6 **Holding the handles, pull out the controller board slowly.**



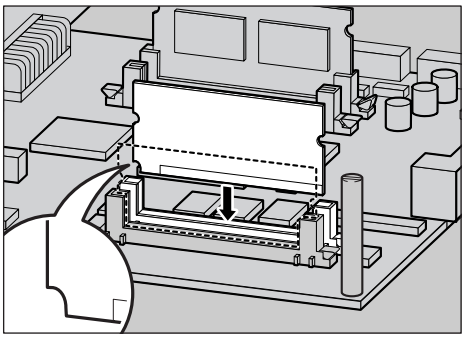
ZESHK751J

7 **Put the controller board on a flat surface.**



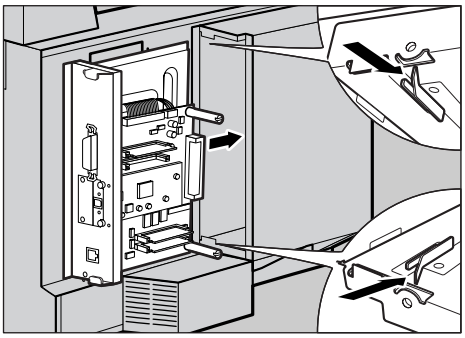
ZESPK1802E

8 **Insert the DIMM into the slot, and push it down until it clicks. If the DIMM is not set in the correct way, it does not click.**



ZESP1032J

9 **Adjust the controller board to the top and bottom rails, and then push in slowly until it stops.**

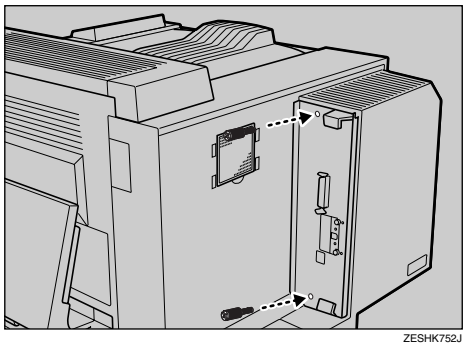


ZESHK1764J

Important

❒ The printer may not work properly if the controller board is not set properly.

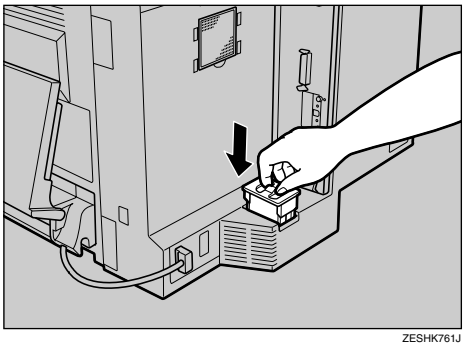
10 **Tighten the two screws that you removed in step 5 to fasten the controller board back into its original position.**



ZESHK752J

Use a coin to fasten it securely.

11 **Set the dustproof filter cartridge that you removed in step 4.**

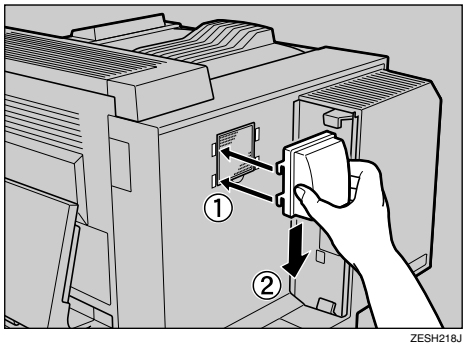


ZESHK761J

Important

❒ Do not shake the removed cartridge. It may cause dust to fall off.

12 **Set the dustproof filter cover that you removed in step 3. First, insert the projections on the cover to the holes on the printer (①), and then push it down (②).**



ZESH218J

13 **Attach the interface cable, and then plug in the power cord.**

14 **Turn on the power.**

Note

❒ After finishing installation, print the configuration page from the "List/Test Print Menu" to confirm that the DIMM is installed properly. See "List/Test Print Menu", *Administrator Reference*, on the CD-ROM labeled "Operating Instructions".
