HP JetCAPS offers you a comprehensive set of carefully selected products and solutions that can be mixed, matched and customised to complement HP's LaserJet printers, providing you with:

- document quality
by implementing your corporate design guidelines clearly, consistently and smoothly across your organization, on all platforms, from all applications.
- huge savings
by eliminating the need for pre-printed forms. You print the form layout together with the content, as you need it on your HP LaserJet printer – on plain paper.
- printer consolidation
by increasing the versatility of your HP LaserJet printers, helping you accomplish many of your printing tasks, more easily, without many speciality printers.
- technical feasibility
by developing to meet specific customer requirements, so JetCAPS solutions are already proven before the JetCAPS program takes their advantages to a wider audience.

JetCAPS Barcode Font-Package
Print barcodes from Windows and Apple Macintosh applications, without investing in specialty hardware. Can also create checksums and add text to barcodes, or create 2-D barcodes (Windows).

JetCAPS BarDIMM® 3
Print high quality barcodes, in any size or direction, with automatic checksum and text, without specialty barcode printers. Recommended by SAP for barcode printing from R/3!

JetCAPS BusinessCard ChaiService
Print consistent business cards on demand, in color.

JetCAPS Advanced Function Enabler (AFE) for SAP

Get easy access to standard and advanced HP LaserJet printer functionality from within SAP R/3, with the flexibility and modularity to meet your organizational needs and SAP requirements.

JetCAPS AirProjector

HP Digital Projectors can be easily accessed from PCs and laptops equipped for wireless networking, for cable-free presentations from anywhere in the room – or anywhere in your organization.

JetCAPS AlarmDIMM®

Get an audible reminder to alert users to the printing of particular content, values or important documents, such as check-lists or procedures, checks, or confidential information.

JetCAPS AuditDIMM®

Collect reliable data on your print jobs, directly at the point of printing, and increase data security with just-in-time decryption, and an optional alarm capability.

JetCAPS AutoStore 2002

Capture paper-based information from HP Digital Senders, HP Multifunction Printers (MFPs) and many other sources, process it for easy storage and quick retrieval and route it to a wide selection of document management solutions or databases.

JetCAPS chai applications
Use of the processing power of the embedded virtual machine in HP LaserJet printers to manage information pro-actively on your printer.

JetCAPS ClusterQue
A scalable solution to maximize throughput and usage, and provide the capacity and volume of “big iron” printers at a fraction of the price. Backup capabilities ensure printing up-time.

JetCAPS Computer Graphics Metafile (CGM) Module
Direct and fast CGM conversion in the HP LaserJet printer to optimize network load, and support edge-to-edge printing for images split over several pages.

JetCAPS custom media
Simplify your printing and associated processes using the correct, specialized stationery (standard range includes self-mailers, stationery with integrated checks, labels or reference cards).

JetCAPS Enhanced LaserJet Printing® (ELP)
Save on stationery, processing and logistics costs using easily-accessed paper-handling, set and multiple-original printing on your HP LaserJet printer – also provides electronic form capabilities.

JetCAPS FlashDIMM™
Ensure compliance to corporate design, and streamline your printing processes by easing access to corporate fonts, logos, graphics or electronic forms throughout your organization.

JetCAPS FollowMe
Provides flexible, personalized printing on every FollowMe-enabled networked printer by holding back printouts until the authorized recipient is present to collect them.

JetCAPS Forms and Font Manager™
Manage and download the fonts, forms, graphics and logos for use on your printers to get the most out of your Flash memory or your printer’s hard disk.

JetCAPS IPDS 100
Ease rationalizing your printer pool by extending the capabilities of HP LaserJet printers to print AFP/IPDS jobs from IBM mainframe and midrange computers.

JetCAPS JetScribe Emulation
All the benefits of a HP LaserJet printer, without having to tamper with your Kyocera applications. Also includes extensive forms functionality to optimize your stationery requirements.

JetCAPS MasterLayout
Ensure compliance to your corporate design for your employees as well as legacy and business applications, regardless of platform (Certified for use with SAP’s Raw Data Interface).

JetCAPS MegaForm®
Produce attractive forms from legacy and business applications, regardless of platform, using complex data remapping and calculations to help you produce customized and localized versions of multi-part forms.

JetCAPS MegaForm Cheques
Make sure your individual cheques and cheque letters are of the same legibility, quality and security as your as cheques from your applications, while also eliminating the overhead of managing and controlling cheque books.

JetCAPS MegaTrack®
Control your printing costs and plan printer and consumables purchasing using real-time and statistical information on printer usage.

JetCAPS MicrDIMM®
Print checks and check letters with high quality, speed and security without the costs of the specialized maintenance, pre-printing and paper-handling involved in check printing on specialty hardware.

JetCAPS OCR & Barcode Module
Simplify your document printing by adding OCR, barcode and symbols (featuring the Euro symbol, and many common packaging and electrical symbols) to your HP LaserJet printer.

JetCAPS PDF Direct
Reduce transmission costs and increase flexibility by printing PDF, JPEG or TIFF files arriving at your printer directly or by e-mail. Bypasses the printer driver to work independently of platform.

JetCAPS Portfolio
Enter data and digital pictures into an easily searched database, then match product characteristics to customer requirements to produce personalized marketing documents using your own layouts.

JetCAPS PrintCapture
Get your printer to trigger archiving and other processes as it prints, by acting in parallel as an automatic „on-ramp“ for JetCAPS AutoStore 2002.

JetCAPS Print to Mail
Ease regular accountancy or office mailing processes by using customized media and automated processing. Also offers increased security by sealing sensitive information as it is printed.

JetCAPS Real Time Clock (RTC)
Add date and time-stamps to your printouts to help with tracking, authentication and integrity.

JetCAPS SafeCom
Turns HP LaserJet printers into information „pulling“ devices, where you retrieve your own print jobs or those sent to you by others using a personal card or PIN code. This safe and convenient pick-up of printouts turns your network into a secure distribution system.

JetCAPS Safe Paper
Adds an easily checked seal to your printouts to guarantee authentic originals. A cost effective solution that uses the existing print environment for production, and a simple optical device for verification.

JetCAPS SD Express® Printing
Print with the security of courier delivery, at the speed of a fax, with the quality of a HP LaserJet printer. Particularly suited as secure printing for remote employees or selected business partners.

JetCAPS SecureDIMM® II
Encryption protects your data from access or tampering, all the way from your application, through the network and in the print queue, to the page.

JetCAPS SecureJet® 4
Make sure only the right people can access sensitive printouts or expensive functionalities. Can also track usage and encrypt data for protection from your application to the page.

JetCAPS TowerFeed™
Increase your printing flexibility and reduce the time spent collecting and collating multi-part forms by expanding your printer’s capacity with up to 10 input trays.

JetCAPS XipPrint
Reduce network load and speed the printing of scanned, compressed and graphics-rich documents.
